

San Diego Chapter of the Sons of the American Revolution February 19, 2022 Activities

With COVID apparently easing we have scheduled a full year of monthly meetings that are entertaining and informative. The San Diego Compatriots gathered for our February meeting at Mimi's in Mission Valley and enjoyed catching up with friends and meeting newer members and guests.

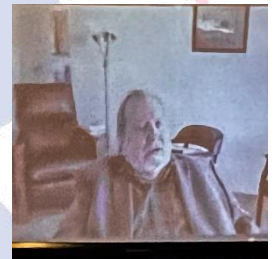

With the lead up to our country's 250th anniversary in four years we will have regular presentations on the Revolutionary War era including detailed presentations on historical events of the time. Compatriot Duncan Campbell gave an excellent presentation on the battle of Lexington and Concord complete with maps of the area that showed the positions and movements of the forces.

Our guest at the meeting, Tyler Jones, provided Zoom support as well as the introduction of our guest speaker Les Reading (via Zoom).

Les has spent a lifetime working with the homeless and devising effective programs to address this vexing issue. He has a unique perspective that is not often heard especially his dealings with various government agencies. His clarity of thought was quite remarkable and refreshing.

Color Guard

In addition to presenting the Colors at our monthly meeting, our Color Guard participated in the Huntington Beach Reenactment weekend sponsored by the Huntington Beach Historical Society. Duncan and Carolyn Campbell set up a booth for the San Diego SAR along with the Eagle Chapter which represents the Fallbrook and Temecula communities.

Join us at the next meeting.
